Rich Gallery

Choose from a variety of charts. From simple scatter plots to hierarchical treemaps, find the best fit for your data.

Make the charts your own. Configure an extensive set of options to perfectly match the look and feel of your website.

HTML5 / SVG

Cross-browser compatibility (adopting VML for older IE versions) and cross-platform portability to iOS and new Android releases. No plugins are needed.

Free

Use the same chart tools Google uses, completely free and with three years' backward compatibility guaranteed.

Controls and Dashboards

Easily connect charts and controls into an interactive dashboard.

Dynamic Data

Connect to your data in real time using a variety of data connection tools and protocols.
